SUMMARY

Currently in the final year of B.Tech in Computer Engineering with a strong foundation in web development, machine learning, and security. Demonstrated proficiency in HTML, CSS, JavaScript, and Python, alongside Linux commands and SQL. Skilled in identifying and addressing security threats, with a focus on incident response and vulnerability management. Eager to leverage academic knowledge and practical experience to contribute effectively to a dynamic tech team.

WORK EXPERIENCE

Tata Cybersecurity Analyst Job Simulation on Forage

July 2024

- Completed a job simulation involving identity and access management (IAM) for Tata Consultancy Services, collaborating with a Cybersecurity Consulting team.
- Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives.
- Delivered comprehensive documentation and presentations, showcasing the ability to communicate complex technical concepts effectively.

Mastercard's Cybersecurity virtual experience program on Forage

June 2024

- Completed a job simulation where I served as an analyst on Mastercard's Security Awareness Team.
- Helped identify and report security threats such as phishing.
- Analyzed and identified which areas of the business needed more robust security training and implemented training courses and procedures for those teams.

Machine Learning Intern, Charotar University of Science & Technology

May 2024 - June 2024

- Completed my task on the project "Hyperspectral Leaf Image based on Early Pathogen Detection and Classification".

Web Development Intern, Skynet Global Group

May 2023 - June 2023

- Developed an E-commerce website using HTML, CSS, and JavaScript.
- Learned about teamwork and leadership qualities.

EDUCATION

B.Tech in Computer Engineering

2021 - 2025

Charotar University of Science and Technology

Current CGPA: 9.52

S.N.V International School

2021

Grade: 12

Percentile Rank: 89.6

SKILLS

Technical Skills: HTML & CSS, SQL, Java, Python, UI/UX.

CERTIFICATIONS

- **Google Cyber Security Certificate:** Includes Linux, MySQL, Python, Splunk, and Chronicle hands-on labs. **2024**
- **Introduction to Cybersecurity issued by Cisco:** Includes Cyber best practices, Network vulnerabilities, Privacy and Data Confidentiality, and Threat Detection. **2024**

PROJECTS

- **Real-Time Object Detection and Recognition using Jetson Nano**
- Also wrote a research paper on the same and presented it at the 9th International Conference on ICT for Sustainable Development in Goa and will be published in the Springer LNNS series.
